

PEARSON INCLUSIVE ACCESS ETEXT WITH ***DIRECT INTEGRATION*** MASTERING & MYMATHLAB COURSEWARE

Instructor Info: Direct Integration- Instructors work with Pearson course designers to set-up their course. There is more work upfront for the instructor, but students are directly provisioned into the course and do not have to be provided with or enter an access code.

Please schedule a time for training or assistance (if needed) to ensure that your Canvas course is set up correctly, ideally no later than December 15, 2019.
